## **Teppen Sorting & Containment Solutions:**

Preventing defective and non-compliant parts and components from progressing to the next stage in the supply chain is paramount. This applies universally, whether it involves products from suppliers or your own finished goods. In such instances, a dependable quality inspection partner is indispensable. Teppen Sorting Solutions goes beyond safeguarding your business reputation from potential repercussions of substandard goods. We offer a cost-effective resolution to these challenges, ensuring the consistent delivery of quality product to the next stages in the process flow. This approach is geared towards upholding the trust and satisfaction of our customers.

## **Why Teppen is the sorting team you can count on!**

At Teppen Sorting Solutions, we place an unwavering emphasis on the role of our dedicated Quality Inspectors in all 3rd Party Sorting operations. These professionals are responsible for identifying and managing all quality issues, a task they undertake with a commitment to excellence and efficiency.

Over the years, Teppen Sorting Solutions has assembled an expert team with extensive practical experience in the sorting of diverse automotive parts. This team includes highly trained individuals who bring their wealth of knowledge to the table, ensuring that we consistently deliver top-tier services.

Our project leaders, who are always present onsite, are entirely committed to the success of your sorting projects. They provide comprehensive guidance and supervision, ensuring that every project is executed seamlessly and efficiently. Their expertise plays a crucial role in our ability to deliver on our promises to you.

With each new project we undertake, our primary goal is to provide your team with relief. We understand the stress that customer complaints can cause, and we strive to prevent these issues from arising in the first place. Furthermore, we work diligently to prevent any further damage to your reputation, a factor that we know is critical for the success of any business.

Additionally, we recognize the financial burden that can come with assembly line stoppages and expedited shipping. That's why we are committed to reducing these added costs, helping your business run more smoothly and cost-effectively.

In summary, Teppen Sorting Solutions is more than just a service provider; we are a partner committed to helping your business maintain the highest quality standards, protect its reputation, and operate more efficiently.

## **Teppen delivers exceptional value to your sorting processes through:**

### **Tailored Solutions:**

Leveraging our extensive experience, we collaborate with you to devise optimal methods and practices for customized sorting solutions, ensuring optimal results.

### **First-Class Customer Service:**

Our commitment to onsite management, transparent communication, and a proactive approach forms the cornerstone of our customer service, guaranteeing a seamless and satisfying experience.

### **Versatility and Flexibility:**

Backed by seasoned experience and efficient policies, our team swiftly adapts, enabling a prompt resolution of your quality issues and ensuring flexibility in response to dynamic requirements.

### **Comprehensive Reporting:**

Customized reports, tailored to your project's needs, provide data-driven confidence, assuring that quality issues are not just identified but effectively contained.

## **ISO 9001:2015 Accredited:**

Teppen proudly holds ISO 9001:2015 accreditation across all our offices. This accreditation encompasses all our sorting and containment solutions as well as staffing services. This accreditation serves as a significant advantage for our customers, as it signifies that we undergo annual audits by Perry Johnson, a registrar, to ensure compliance not only with the standard itself but also with relevant governing legislation. This offers peace of mind, assuring our clients that our policies and procedures align with industry standards and regulations. With Teppen, you can trust that your sorting and containment solutions partner is in good standing with all legislations and standards, fostering confidence in our services and commitment to excellence.

## **Quality Policy**

Teppen Corporation is committed to providing outstanding Products and Services to our customers by continually improving our Quality Management System. Including its management methods, professional practices, and process capabilities, this Policy will be achieved through disciplined process-based management and employee participation across the organization.
